

MEAT SECTOR OF PAKISTAN

3rd International Food and Agriculture
Exhibition, 2025

PRODUCT PROFILE

Pakistan is a house of more than 30 types of fruits grown all over the country. The major products are citrus, mangoes, dates, banana, guava, apple, grapes, almonds, pomegranate, apricots, plums and peaches etc. Many of these fruits are exported globally and are well known for their good quality in the international market. The major exports are of mango and citrus that are exported to over 40 countries. It has been estimated that about 91% of the fruits are consumed locally and 6% are exported. The remaining 3% is processed into value added products such as pulp, juices, concentrates, beverages, jams, jellies and pickles. The production clusters of mangoes are located in Punjab and Sindh. Whereas citrus is cultivated in Sargodha and Bhalwal region of Punjab. Guava is also produced in Sindh and Punjab and the banana production is restricted to Sindh and dates production largely to Sindh and Baluchistan. Most of the other fruits are grown in KPK and Baluchistan.
