Year Of Incorporation: 2004

Noshki Red Onion is a premium export grade onion variety grown in the Nushki District region of Balochistan, Pakistan. The arid soil and favourable climatic conditions of Nushki contribute to the onion's vivid red/purple hue, strong flavour, and excellent storage potential. Cultivated with care, this onion variety is increasingly recognised in export markets for its quality, helping link the region's agricultural producers to overseas buyers seeking fresh produce with reliable shelf life.

Our company focuses on the research, development, and production of quality seeds for various crops. We specialize in hybrid vegetable seeds, with cucumber currently ready for market. Alongside vegetables, we also work on oilseed crops such as sunflower, canola, and soybean, and cereal crops including wheat, rice, and maize. We are also establishing a tissue culture laboratory for the propagation of potato, banana, and sugarcane, aiming to provide farmers with disease-free planting materials.

■ Company Profile

Year Of Incorporation: -

The Uzbekistan Trade Center (UCTC), an initiative of the Chamber of Commerce & Industry Uzbekistan, is dedicated to fostering enduring economic ties between Uzbekistan and Pakistan. Positioned as a key platform for bilateral collaboration, UCTC aims to stimulate trade, facilitate joint ventures, and unlock mutual investment opportunities across diverse sectors. By bridging businesses, promoting national investment strategies, and offering strategic support to both Uzbek and Pakistani enterprises, UCTC plays a pivotal role in advancing sustainable economic cooperation.

UCTC has established a strong presence in both countries, with operational display centers now active in Karachi, Lahore, and Pakistan C.I.S Trade Center in Tashkent. This initiative provides a gateway for businesses to enter, penetrate, and expand their presence in the growing Uzbek market.
